Pretty fun game. Reminded me of Unruly Ghouls a little bit. It's a pretty easy game to pick up and play and have some fun. It's

not scary. https://www.youtube.com/watch?v=Yh83S3wKncY. Really fun and awesome concept! This is what VR is meant for and thrives at.. This Vive game is about exorcising ghosts inside of a haunted house after they've possessed your furniture and decor. I found it simple to get the hang of from the very start. It's a fun family-oriented game. I like the idea of having to search for the ghosts with your abilities and invoking them to come out from hiding. It's well worth the asking price of $4.99.. My kids had fun bustin ghosts. Great concept for a quick fun VR game for kids.. This Vive game is about exorcising ghosts inside of a haunted house after they've possessed your furniture and decor.
